## Agnello 0122-FAB-AGFO01 Forest

In Latin and Italian, 'agnello' means 'lamb.' Woolly and plush with a positively rhythmic warp and weft, Agnello is an easy choice for luxury upholstery—and one of our most popular fabrics. A bespoke blend of natural fibres that's woven in Belgium, Agnello is a substantial bouclé that holds its shape, and it boasts a subtle sheen courtesy of its viscose content. Now available in four new calming colours, Agnello is the softest fabric of its kind on the market.

**Pattern:** Plain
