Avem  
0122-FAB-AVWI01 Willow

A snapshot from an autumn walk through the English countryside, our Avem linen drapery is both scenic and sweet. Distilled through a dream and captured as an original work hand-painted in ink, the pattern presents playful partridges and pheasants mid-flight and leaves dancing on an updraft. A 100 percent linen ground cloth that boasts delicate embroidery by our artisans in India, its beauty is in the textural nuances. When the morning light filters through Avem, or a breeze from the window fills its folds, the birds take wing once more.
