Marble Tile 3 Wallpaper MT3001 Olive

This pattern is printed on the most beautiful Mica paper. Mica creates a subtle sheen that adds depth to any design printed on it. Colours on this luxurious surface change with the light and come alive during different times of day. The result is a lustrous and pearlescent finish suitable for high-end residential projects.

Marble tiles 1,2 & 3 each match up with the accents in pattern Lion Toile. Each tile is a completely different pattern making each colourway truly unique.

Marble Tile 3 coordinates with Lion Toile – Fern. This type of marbling is originally created by splattering different shades of paint onto the surface of a marbling bath. These thicker paints stay in place when they drip onto the surface and this layering method creates a beautifully deep pattern. This pattern has seemingly no repeat as it is installed onto the wall. The effect is an endless view of perfectly marbled paper.
